SAGITTARIUS: Please return the BB gun you confiscated from your son in the second grade. P.S. You are a cranky-pants.

TAURUS: Today will be a series of blunders that follow each other. Today you will find that your favourite attribute in a person is their ability to tell you how fantastic you are.

CANCER: For no reason, I'm just going to throw the number 7 at you. SEVEN. Take from that whatever you want.
